Dear Colleague

**Re: Summary Report of the Rutland Health and Social Care
Policy Consortium Conference of 9th December 2020**

I am very pleased to forward you a copy of the above report. The Conference was convened to discuss the proposals for the reconfiguration of hospitals in Leicester, and the associated health plan for Rutland.

Our ability to complete this important report comes with the most sincere thanks of the Rutland Policy Consortium. It would not have been possible without the very constructive contributions received from so many of you

The full report called "Next Steps for Rutland" was submitted on the closing date of 21st December 2020. It contains details of the policy and financial analysis, together with those individual contributions that assisted in forming its conclusions.

A copy of the full report can be obtained by either emailing :- rhscpc@icloud.com

Or download from [Full Report](#)

While we await the outcome of the consultation, we were very pleased to learn that the Rutland Health and Wellbeing Board will meet at 2pm on Tuesday 12th January to discuss the Rutland Health Plan. The meeting is held in public and we encourage you to attend, information on the agenda and how you can attend on Zoom will be found here [RCC H&WB](#) .

Once again please accept our warmest thanks for your contribution on this very important subject.

Yours sincerely

Jennifer Fenelon

Chair, Rutland Health and Social Care Policy Consortium
