**Subject:** Future Rutland Conversation

Good afternoon

Further to my last email, I wanted to update you on the progress of the Future Rutland Conversation as we are now halfway through the first month of this exciting project.

The Future Rutland Conversation has, so far, attracted the attention of more than 4,500 residents who have visited the dedicated engagement platform. From these visits we have received over 1,500 response to our surveys.

Through this engagement we are now gaining an insight into what people prioritise for their lives, work and leisure in Rutland and their aspirations for the county to inform the development of a vision for the county.

We're pleased that it's got off to such a strong start, so soon, and want to make sure that the momentum continues and gathers even more pace. Our aim is to engage with as many residents of all life stages across the county before 1<sup>st</sup> June 2021 and your continued support is integral to helping us achieve this ambition.

You play a vital role to help shape the Vision's development and its future delivery, so I hope you won't mind me asking once again to keep spreading the word about the Conversation. Please share with your friends, family, associates and contacts – especially if you use social media channels – and encourage them to find out more and take part at [www.rutland.gov.uk/FutureRutland](http://www.rutland.gov.uk/FutureRutland)

If you have not already, please download the toolkit which has been developed to support you in sharing messages with your teams and stakeholders:  
<https://future.rutland.gov.uk/stakeholder-toolkit>.

There's still plenty of opportunities to tell us what matters about life in Rutland! Thank you in advance for being part of that.

Kind regards

Mark

**Mark Andrews | Chief Executive (Interim)**
