We continue to sign Rutland residents up to Neighbourhood Link which is a police email alert system and by doing this also complete a survey which continues to identify the 3 main concerns for Rutland North residents as Speeding, Rural Crime and Fraud. We are always looking for more people to sign up and if you are interested please email me with Name, House number, Post code and let me know if you have any police issues I can address.

We have noted a report of Theft of Heating Oil last month. With Winter coming and the night's drawing in I would ask everyone to be vigilant and to report anything suspicious to either 101 or 999.

PCSO 6516 Di Freeman is holding a Beat surgery on Thursday 23rd December 2021 at Essendine Village Hall between 10.00-11.00 and if you would like to talk to Di about any concerns or issues please come down and join her. We are always looking for locations to hold our police surgeries and so if you would like us to come to our village please email me to discuss, many thanks
